

GLS University
Faculty of Computer Applications & IT
iMSCIT SEM 6
Semester VI
Practicals on Machine Learning
LAB TASK

1.

3.

Dataset:

Age	Blood Sugar (mg/dL)	BMI	Diabetes
22	85	21	No
35	140	26	Yes
50	160	30	Yes
28	95	23	No
45	155	29	Yes
32	100	24	No

Write a Machine Learning code to perform following:

- Create a csv file for above data
- Build a decision tree.
- Split the dataset into training and testing sets.
- Evaluate the model using **accuracy**.
